FRIENDS OF THE LOUISIADES

This **totally free** online resource for yachts visiting the Louisiade Archipelago features:

- Over 45 **cruising guide** pages about **anchorages**, local **culture**, **history**, **trade** and **navigation** tips
- More than **200 photographs** of people and places in the Louisiades
- **Trade Request Noticeboard**: see what the locals are asking for right now so you can stock up on the trade-goods they really need.

Friends of the Louisiades is a non-profit online community run by yachties for yachties. Our purpose is to encourage cruising yachts to visit this magnificent place to support the communities who live there by trading or donating items they need such as clothing, tools, medical supplies, and educational materials.

We encourage everyone with an interest in the Louisiades to log in today and make their own editorial contribution.
